Improve in School-Enroll Today! 330.237.2229

Akron Digital Academy

Supplemental Educational Services (SES) Program

Apply NOW for a tutoring scholarship for your student!

This booklet tells you about the approved tutoring providers who will be working with Akron Digital Academy students.

Read through the information about each provider. All eligible students received a letter explaining the SES tutoring program in the mail with an enrollment form. Complete the form with your student's information. Make certain that you select your 1st, 2nd and 3rd choice provider. Be sure to sign and date the form.

Tutoring spaces are limited. Applications are due October 17, 2011. Applications received after this date will receive tutoring on a first-come first-served basis. Once all of the available tutoring slots are filled, your child will be placed on a waiting list.

We will make every effort to enroll your student with your 1st choice. If your 1st choice tutoring provider does not have space, your student will be placed with your 2nd or 3rd choice provider.

The provider you select will be given your name and contact information. They will contact you to set up a time to meet you and your student. The tutoring provider you choose will work with you to develop learning goals for your student, plan out the tutoring sessions and discuss how they will keep you informed of your student's progress. Tutoring will begin 30 days after your student is enrolled with a tutoring provider. If tutoring has not started within 30 days, we will move your student to your second choice provider.

If you need help in selecting a tutor for your student, you may ask your student's teacher or counselor for assistance. Or, you may call Meghan Ryckman, Development Coordinator, 330-237-2229.

The value of the scholarship is \$1636.81. The provider you select will bill ADA for each hour of tutoring they provide your student. The scholarship will be applied to the monthly bill until there is a "zero" balance. **There are no charges to you for tutoring.** The booklet gives information about the services, locations, hourly charges for each company and the number of times they will tutor your student which will help you pick a provider that best meets the needs of your student.

Akron Digital Academy is providing this booklet of SES Tutoring Programs as a service to parents. The information in this booklet was given by the service providers. We have made every effort to ensure that the information is correct. Akron Digital Academy is not responsible for changes in times, locations or services.

September 21, 2011

Dear Parent/Guardian,

Help your student succeed in school—apply now for a private tutoring scholarship! No Child Left Behind (NCLB) funding offers a tutoring scholarship to eligible students. This scholarship will pay for your student to receive extra help in reading and math.

Akron Digital Academy, for the 2010-2011 school year, has been named by the Ohio Department of Education as being in need of “school improvement” because it hasn’t met Adequate Yearly Progress (AYP) for two years in a row. AYP is decided by how the students at Akron Digital Academy score on the Ohio Achievement Tests and the Ohio Graduation Tests.

The private tutoring program, called Supplemental Educational Services (SES), gives parents the choice of picking a tutoring provider that has been approved by the Ohio Department of Education to help your student do better in school. The school district will hire the provider you select and apply the scholarship to the tutoring fees.

Besides attending a school in need of improvement, a student can apply for a tutoring scholarship if:

- The student receives free or reduced-price lunch, and
- The student needs help in reading and/or math due to low test scores on the Ohio Achievement Tests and Ohio Graduation Tests.

Although ADA has a “school improvement” label, the school also has a plan in place that focuses on improving. Some suggestions for helping your child may include promoting assignment completion at home, encouraging regular attendance to scheduled lab times, punctuality, and regular school communication.

Ask your student’s Program Director or Site Supervisor how you can be involved with the School Improvement Plan. Talk to your student’s teacher(s) about his/her needs and your suggestions on ways to improve.

For the 2011-12 school year, you can choose a FREE TUTORING program that is best for your student. This booklet lists all of the tutoring providers that plan to work with Akron Digital Academy students to provide tutoring. These programs will provide your student with tutoring that is coordinated with what is being taught at ADA.

Please note that maximum capacity is a distinct possibility and, at that point, students will be prioritized for limited placements (by specific grade levels and/or lowest achieving) while others would be placed on a waiting list. Therefore, **send in your application right away!**

The NCLB Tutoring Scholarship is a parent choice for those who did not change schools with Public School Choice.

If you have questions about the tutoring scholarship or need help in picking a provider for your student, please call Meghan Ryckman, Development Coordinator, 330.237.2229, Monday through Friday, between the hours of 8:00 AM and 4:00 PM.

Akron Digital Academy is dedicated to educating your student and offering the best way to ensure that your student succeeds. We hope you will review the many different kinds of tutoring programs we have to offer and pick one that will best meet the needs of your student.

REGISTER NOW

The next 2 pages will help you plan for your student's registration with a provider of your choice.

1. Read through all of the provider profiles. Select your 1st, 2nd and 3rd choice.
2. If you want to interview providers, the chart on the following page will guide you through some key questions to ask.
3. Remember to return your child's registration soon! Space is limited. Enrollment forms are due October 17, 2011. Any forms received after this date will be on a first-come first-served basis.

NOTE TO PARENTS: Use this information to help you choose tutoring services for your student. Ask tutors these questions and write their answers on this form to help you compare your options. If you would like help choosing a provider, contact Meghan Ryckman, Development Coordinator, at 330.237.2229 or your local Parent Information Resource Center. To find the Center nearest you, go to www.ohiopirc.org or call 1-888-647-4729.

Questions to Ask Tutoring Providers	Provider Name	Provider Answer
Where and when is tutoring? How many times per week will my student receive tutoring?		
What type of instruction will the tutor use: small group, one-on-one, or the computer?		
Is transportation available to and from where the tutoring will take place?		
Who tutors the students? What are your tutors' qualifications? Are they able to work with students who have disabilities?		
How do I know that your services are effective?		
How will you inform me of my student's progress?		

Akron Digital Academy

Length of Sessions: 1 to 2 hrs.

Time of Sessions: 3:00 pm to 6:00 pm

Total Sessions: 25 to 30

Total Tutoring Hours: 38 to 40 hours

Service Summary: Braxton Educational and Technology Consulting offers one of the most dynamic instructional models in the educational market. We individualize student instruction and provide self-paced learning environments. Each student will be given a reading and math assessment utilizing our computer based assessment system and complete a learning styles survey. The system will then generate a report specific to each student based on the State of Ohio academic standards. The software will also generate a learning path specific to each student's academic needs. The Learning Styles Analysis will be administered to determine what the learning style of the students are, determine what is the best learning environment for each student, and what time of day is best for learning. This information will be utilized for scheduling, setting up learning environments, creating differentiated instruction, and for communicating with educators and parents.

Hourly Rate: \$55.00

Length of Sessions: 2 hours

Time of Sessions: 3:00pm - 8:00pm

Total Sessions: 15

Total Tutoring Hours: 30

Service Summary: Paramount Development Association is dedicated to the development of all students in grades K-12. The objective of our tutoring program is to provide each student with skills of reading and math needed to function in life. To enhance these skills curriculum is individualized to help students develop independently. Students are challenged at their individual levels in this program which promotes healthy self-esteem and individual achievement. PDA is structured in a way that a child is not limited to doing work on only one grade level, thus providing multiple opportunities to increase their comprehension, which will assist in improved scores. Students will use computer applications, worksheets, group discussions, guided reading, and more to facilitate an increase in the ability to comprehend the material, strategies programmed to the needs of the “total” child.

Company Name: Right Track Tutoring and Enrichment Center

Phone Number: 216-316-0361 or 877-441-2992

Company Name: Rock Research Group, Inc.

Phone Number: 440-235-1410

E-mail Address: support@rockresearchgroup.org

Tutoring Location (s): one of three Akron Digital Academy sites

Transportation Provided: Yes No

Grades Served: 1 2 3 4 5 6 7 8 9 10 11 12

Subjects: Reading/Language Arts Math

Service Delivery: Individual Small Group Online

Days of Service: M T W TH F Sat

Hourly Rate: \$65

Length of Sessions: 1.5 hours

Time of Sessions: after school

Total Sessions: 17 sessions

Total Tutoring Hours: 25.5 hours

Service Summary: During each tutoring session, your child participates in both the online tutoring program and face-to-face tutoring. Your child engages in personalized face-to-face activities with a highly qualified tutor while other students are actively engaged in the online tutoring program. Over the course of each tutoring session, the students rotate through the online tutoring program and face-to-face tutoring. Both the online and face-to-face tutoring activities are tailored to your child's individual needs. The tutoring process begins with an online assessment in reading and math that provides a detailed student profile about your child's mastery in Reading and Math. After completing the assessment, we analyze your child's performance and determine instruction based on gaps in skill and knowledge. Upon completion of the tutoring sessions, your child is assessed and a report detailing his/her growth is provided. Parents receive copies of the pre- and post-assessment. Our tutoring services are designed to support the instruction provided at the classroom level – not replace it.
